#### Remarks

Rare find: a thoughtfully updated 3-bedroom ranch on half an acre offering the space and privacy that's increasingly hard to find in Metro Detroit. At 1,176 sq ft, this home maximizes every inch with smart design that works for first-time buyers, growing families, or downsizers alike. Two bedrooms on the main level feature beautiful natural hardwood floors throughout. The third bedroom has been brilliantly transformed into a main-level laundry room that connects directly to your extra-large back deck, so no more hauling baskets downstairs. Modern kitchen and bathroom updates provide contemporary style in this classic home. The partially finished basement offers two additional rooms ready to become whatever your life requires: home office, movie theater, gym, hobby room, or guest space. No egress windows, but endless possibilities. This is where the property truly shines. The large covered front porch welcomes you home, while the expansive back deck overlooks your private 0.5-acre yard, perfect for entertaining, gardening, or simply enjoying peaceful Michigan evenings around the firepit. All appliances are included with the home (stainless steel refrigerator, gas stove/oven, dishwasher, built-in microwave, washer, dryer, backyard gas grill and Blackstone griddle). Smart
